

# BAUSPIEL

GmbH

This fairy-tale landscape is built of trees, a dragon's lair, dragons, dwarves and sparkling stones. A beautiful combination of wood and felt products. You can find the individual products including a detailed description in the catalogue.

Our **wooden toys** distinguish themselves through their high quality and excellent workmanship. Most edges are rounded and thus very pleasant to the touch. The colours are bright and clear.

All products are made of European timber, mainly beech, alder and lime.

The colours used comply with EU standard 71 regarding their ingredients and are harmless to health. All products can be used for playing or educational purposes.

In case an item gets lost we can supply you with spare parts.

Our **felt products** are made of pure New Zealand new wool, felted in Nepal – Fair Trade.

They can all be cleaned with a damp cloth. In combination with our wood products, magical structures such as castles, palaces, landscapes ... can be created.

The various geometrical shapes of our products introduce children to the building, construction and stacking processes in a playful way. The beautiful, bright colours have a highly stimulating character.

# COLOUR TRACK

Featuring a diameter of 150 cm, our large Colour Circle is impressive in size and very versatile. It invites children to sit around it, lay wonderful mandalas with different materials or create landscapes.

It is particularly suitable to visually support topics such as “the annual cycle – seasons – months”. The circle can be used as a birthday carpet or simply serve as a colourful, inviting rug for the play area.

In the picture you can also see the Sparkling Stones, item no. 3135, 3138, 3160 (see page 18)

The picture shows the large Colour Circle together with our 12 Play Cloths, the 12 Gnomes (page 17) and the Maxi Sparkling Stones (page 18) in 12 matching colours.

A feast of colours!
